Broening Highway Weekend Closure

The Department of Transportation will be installing conduit across the 2500 block of Broening Highway beginning Friday evening October 11 at 7:00 P.M. as part of the ongoing Broening Highway Reconstruction Project. This will require a detour. Local businesses will have access to their properties along Broening Highway. We anticipate the work to be completed late Saturday, October 12 and reopening the roadway prior to 5:00 A.M. Monday October 14.

If weather should prevent this work from occurring this upcoming weekend we will reschedule the weekend of October 18.
